## BUILD UPDATE

### Temporary Site (at Riverside)

Excellent progress is being made on our new classrooms, with lots of hard work from Bridge Timber, who have not been caught drinking a single cup of tea, even at the weekends.

We are on track for a handover at the end of February and are looking forward to getting in and using the new classrooms!

**Current completion date:  
February 2018**

### Permanent Scheme (at Hibbert Road)

The ESFA have received a competitive tender for our permanent site from a well known contractor who is on the ESFA Framework. The ESFA are currently completing the procurement process and appointment is due in March leading into a build programme that shows our school being ready for September 2019.

**Current completion date:  
September 2019**

**Next newsletter scheduled for  
Friday 2nd March 2018**
